By car: From Todtnau or Titisee: Take federal highway 317 to Feldberg (town). At the Grafenmatt pass, after passing under the ski bridge, turn directly into the car park (ski rental, lift station, ski hut). Cross the car park straight ahead and turn left up Dr.-Fredy-Stober-Str. (residential street). After about three kilometres uphill through the forest, you will reach the performance centre (please continue driving even after the end of the asphalt road).

By train: Find a train connection to Feldberg-Bärental. Then take the bus to Feldberg-Ort. However, it is still a few kilometres through the forest to the training centre.
